My dear Mr. Babbitt:

On March 27, 1950, the Presentation and Graphics Branch of ORE, in cooperation with the Near East/African section, prepared for the Department of State a map showing [redacted] military and political interests in the Near East area. The map was for the use of the Secretary in his conference on March 28 with a number of members of the House of Representatives.

I want to express the Department's appreciation to all concerned in the preparation of this display. The notice which they received was unavoidably very short, and the Presentation and Graphics Branch willingly stayed on the job after close of work so that a good piece of work might be done. The map was an excellent one and proved very helpful to the Secretary.

In particular I would like to commend the following for their part in the project: [redacted]

Sincerely yours,
